

**Spostrzegawczy  
przedszkolak – karty pracy**  
**Monika Koziół**

Marysia zrobiła zakupy. Narysuj w kwadratach tyle kropek, ile owoców każdego rodzaju kupiła.

Marysia robi koktajle owocowe na przyjęcie.

Może użyć tylko swoich zapasów.

Których koktajli nie może przygotować?

Połącz truskawki takiej samej wielkości.  
Czy wszystkie truskawki mają parę?

Skreśl obrazek, który nie pasuje do pozostałych.

Narysuj tęcze według wzoru.

Która ścieżka zaprowadzi ptaszka do gniazda?  
Zakreśl odpowiedni kolor.

Dorysuj kwiaty na grządkach w odpowiednich kolorach. Które grządki są takie same?

Pokoloruj 3 kwiatki na niebiesko, 6 na żółto, 9 na czerwono. Ile kwiatków zostało?

Znajdź i otocz pętlą taki sam obrazek.

Która piłka nie ma pary?

Pokoloruj koła z cyferkami według wzoru.

Popraw po śladzie i pokoloruj kwiat.

Skreśl pisanek, która nie ma pary.

Połącz połówki pisanek.

Połącz koperty z odpowiednimi literkami z imieniem dziewczynki, która czeka na listy.  
Jak ma na imię ta dziewczynka?

M A R T A

Dorysuj doniczki dla kwiatów.

Nad tulipanami narysuj tyle kropelek, ile kropek jest na płatkach.

Połącz kropki odpowiednimi kolorami.

Zieloną kredką zaprowadź króliczka do marchewki.  
Czerwoną kredką zaprowadź pieska do jego miski.

Ile jest ryb w tej ławicy?  
Dorysuj ryby tak, żeby w akwarium pływały po  
3 rybki każdego gatunku.

Na największym balonie narysuj słońce.  
Na balonie, który jest najniżej, narysuj serce.  
Na balonie po lewej stronie narysuj chmurkę.  
Na zielonym balonie narysuj listek.  
Który balon został bez rysunku?

Popraw po śladzie balonikowe zwierzątka.  
Rozpoznajesz je?

Połącz wagoniki z lokomotywami tak, żeby obie lokomotywy miały po tyle samo wagonów.

Otocz niebieską pętelką najmniejsze auto, a zieloną największe. Ile jest wszystkich aut?

Wyślij 1 list do zielonego domu, 2 do niebieskiego i 3 do żółtego. Żeby wysłać list do żółtego domu potrzeba jednego znaczka; do zielonego i niebieskiego dwóch. Połącz koperty z domkami i znaczkami. Jeśli znaczków jest za mało, dorysuj je.
